Dear Brother

The seſsion of the Aſsembly is *fast* drawing to a close — The committee appointed to enquire when the seſsion may close yesterday reported that we might close the busineſs *next Wednesday* — Whether we shall in fact get through the busineſs a little sooner or later is at present problematical — Yet still it is my opinion and I believe the *almost universal opinion* of the members is that we shall rise in a *few days* — And I expect *very shortly* to return to Lebanon — You will therefore readily see at once that the time is now come when it may be done and when it is important for me to know how we are to settle about *our sisters property* — You are doubtleſs sensible that when at your House I made you an *offer for a final adjustment of all questions regarding her Estate* — That offer was made upon the spur of the occasion without so much consideration as a longer time might have suggested — I have however no idea of receeding from the terms then offerd though the more I think of it the more I am convinced that the offer then made was *both generous* and in *full* of what it ought to be — Especially when I reflect that I agreed to pay you for our sisters board that winter she was at your House and the *other debts* which I have since I saw you found to be larger than *I expected when I saw you last* — As I am going directly to Lebanon please to let me know therefore on *Monday next* what calculations I may make with regard to our *sisters property* — I take it for granted that by *this time* you have made up your mind if not you can say so — Till I hear from you I must wait and remain your affectionate Brother
